Memo.

Letter No 3365 & 2?2 June 1900 from the Chief Engineer in Mysore

The services of B.N.Srikantiah, D.P.W Overseer, were lent to the Plague Department from the 28th December 1898 in obedience to Govt.Order No.409-48 dated 14th November 1898; he was all along employed in opening out conservancy lanes in the Bangalore City with the exception of about .6 weeks when he was employed in the Extensions as a leveller.

2 The Chief Engineer enquired in his No.3529 dated 8th July 1899 whether his services were still required for Plague duty. The President of the Bangalore City Municipal Board in his No.65 dated 17th July 1899 replied thathis services were required for 6 months more as the public works staff in the Municipality was not of sufficient strength. On a representation of these facts to the Chief Engineer in Plague Comr's No. 463 dated 21-7-99 his services were allowed in the Chief Engineer's No. 18 dated 26-7-99 to be retained up to 31st Octr. 99, when the Chief Engineer complained in his No.5175 dated 3-10-99 that the D.P.W. operations will seriously be retarded if no one was appointed in the place of the Overseer. When this was communicated to the President, City Munlty. he

said in his No.301 dated 11-10-99 that his services would be required for some time longer, so the Chief Engineer was again asked in Plague Comr's No.3138 dated 17-10-99 to spare his services for a further period of 3 months from 1st November 1899 with which the Chief Engineer complied in his No.5494 dated 27th Decr.1899.

3 On the expiry of the above mentioned period the President again requested in his No.729 dated 19-2-01, that he might be retained for a further period of six months from 1st Feb.1900, as plans and marking out of conservancy lanes had been finished only in the Western half of the City, and in addition to the above he had been superintending the demolition of condemned houses in every part of the City, and filling up the Fort trench by convict labour, to finish which the President said would take 6 months more.

4. A reference was subsequently made to the Chief Engineer in Plague Comr's No.5581 dated 22nd Feb,1900 and the services of the Overseer Srikantiah was spared from 1st Feb, 1900(vide No 974 dated 3rd March 1900.)

5. Meanwhile Overseer Srikantiah applied for 2 months' Plague concession leave and the Chief Engineer granted it, but the Overseer did not avail himself of the same.

6 In forwarding proposals regarding the reductions in the Bangalore City in the month of April 1900 it was observed that

the

the retention or the dispensation of the services of this Overseer would be left to the Municipality as the Plague Dept. was not prepared to meet his pay

7 The President having requested the Plague Comr. in his No.981 dated 4th May 1900 to extend the period by six months more and to debit his pay to Plague Funds, the President was informed in Plague Comr's No.8043 dated 18th May 1900 that his proposal could not be sanctioned as the work of opening out conservancy lanes &c. entirely devolved on the Municipality.

8. The President, thereupon, requested the Govt. in No 182 dated 26th May 1900 to sanction the Overseer's pay being met from the Funds allotted for the City Improvement as long as he continued to work in the Municipality.

9. Govt. while sanctioning the same in Pro.No.8934-5/Mis.1931 dated 12th January 1901 called for a report from the President as to how long the Overseer's services were likely to be required and why he should not be reverted at once to the D.P.W.

10 The President reported in his No 127 dated 19th January 1901 that the Overseer was engaged on important works such as opening out conservancy lanes for which estimates had been lately sanctioned and that it would notbe possible to spare his services

services for about a year more and the Govt. accordingly sanctioned his retention till the end of December 1901, but the Order was not communicated to the Chief Engineer.

// The Chief Engineer now states in letter No. 3365 dated 22nd June 1901, that the Overseer's services were placed at the disposal of the Plague Commissioner till the end of August 1900 and that though the above period expired nearly 11 months ago, the Overseer has not yet been retransferred to his Dept. and requests that he may be ordered to report himself to his Dept. for duty.

/2 He also states that the Overseer was granted two months concession leave in June 1900 and the Plague Comr. was requested to report the date of his availing himself of the leave and that no report has been received in his Office.

/3 As Srikantiah did not avail himself of the leave no report was sent to the Chief Engineer.

Submitted for orders as to whether the accompanying draft letter may issue to the Chief Engineer

27/6/1901

I think a copy of the Ch. Engr's letter may also be sent to the Accountant for further report as to whether Records show Srikantiah's Services in the meantime. 28/6

This is better. You may do so. 27/

15. A copy of the Chief Engineer's letter No. 3365 dated the 26th June 1901 was forwarded to the President in continuation of Pro. No. 9768-69 Mis-2719 dated 4th February 1901 for favor of report as to whether he could spare Sreekantiah's services before the end of December 1901.

16 The President reported in his letter No. 16 datedthe 11th July 01 that it ~~is~~ was not possible to transfer Sreekantiah before Dec. 1901and that it ~~is~~ was doubtful whether even after that period ~~period~~ it would be convenient for him to spare his services, as he had surveyed portions of the Bangalore City in connection with the drainage scheme and that it would be a pity to ~~leave~~ lose his services when so much remains yet to be done and suggested that in case one of the Dy. Amildars now employed on extensions ~~is~~ was retired or reverted Sreekantiah may be made a temporary Dy. Amildar and allowed to continue the duties he ~~is~~ was now engaged upon in addition to what might devolve on him as Dy. Amildar in charge of the extensions.

No 1807 & 30.7.01.
L.B(P)395

17 Thereupon the President was requested to state the nature of the work done by the two Dy. Amildars and their establishment as also to submit a statement of the work now

done by each of the 3 Officers and the work that may be required to be done by them hereafter to enable the Govt. to decide which of the officers may be retained for the completion of the work.

18. The President in submitting the information called for now reports that owing to a good portion of the work originally contemplated having been done, the services of one Dy. Amildar can be spared, and recommending that Kesivaiengar be placed in charge of a Sub Taluk in filling up vacancies caused by the retirement of Amildars recently and proposes that (1) that Dy. Amildar Subba Row may continue to work in the City until he finishes his work or Govt. considers necessary to retire him, and (2) that Sreekantiah be appointed temporary Dy. Amildar to enable him to do the work that Kesivaiengar was hitherto doing besides doing the work that comes within his own sphere as an Offl. of the D.P.W.

19 The existing establishment under the 3 Officers are as shown below:-

20. The President ~~have~~ also submitted lists of the work done by these 3 Officers as also the work that has to be done in the future.

5/9/21 From the Statements Submitted by the President, it will be seen that the work that has to be done in the city by the Overseer is more than what the 2 Dy Amildars have to do hereafter. The Extension work consists mostly of the disposal of Sites & the recovery of prices thereon including

The President further states that Overseers Srikkantiah will be retained in the Municipality until final orders are passed regarding them, while the Chief Engineer in his letter No 209 of 15th Instant requests that Srikantiah may be returned to the D.P.W as his services are urgently required in connection with the preparation of projects for Tirumie protective Irrigation works

7/1/1902

The taking over of the two Extensions under the jurisdiction of the Municipality is under Consideration and is likely to be accomplished shortly After that there will be no necessity for a Dy Auditor to be em

charge of this work

As Srikanthayya is one of those who ~~is~~ likely to get a mildari or Dy mildari in the near future, I doubt if it would be expedient to take him a temporary Dy Amildar

After the inclusion in the Municipality of the Extensions, it is doubtful whether there will be need for so many Pr offrs as at present.

Submitted to the Councillor for early orders. The Ch Engl says Srikanthayya is wanted urgently in this P.W. Department

Sir,

With reference to your No.2171 dated 29th ultimo, to address of President, Bangalore City Municipality, I have the honor to inform you that Overseer B.N.Srikantiah was transferred for Plague duty on the 28th December 1898, so that this Department has been deprived of the services of this subordinate for more than 9 months. The President of the Bangalore City Municipality now reports that his services will not be required for some time more. In this case, it would perhaps not be better to secure another man, as overseer Srikantiah's retention for any futher period would seriously retard P.W.Operations, as no one has been appointed in his place.

special disbursed from Plague Funds
as hitherto. This is absolutely neces-
sary as the preparation of Estimates
for opening out conservancy lanes
and plans, is most important and
in which Mr Srikantiah has had
special experience.

2. As regards the Plague Accountant
in the Municipal Office, I beg to state
that notwithstanding the abolition
of War & Offices and other Plague
Establishments in the City, the ac-
counts work of the City Municipal
Office will suffer no diminution.
Frequent references are received from
the Plague Commissioner and the
Comptroller regarding plague ex-
penditure in the past amounting
to several lakhs of rupees, and the
present Accountant is fully posted
as regards all details and adjust-
ments to be made now and here-

after

hereafter. His sudden withdrawal will have the effect of throwing the accounts into utmost confusion and the Municipal Head Accountant is scarcely competent to look after this work in addition to his own.

Also payments on account of labor and other charges in connection with the demolition of Condemned houses have to be made. Payment of Compensation to the owners of Sites of demolished houses has to be attended to. The accounts of Contractors employed for the removal of the debris of dismantled houses have to be adjusted. The Accountant's retention, under the circumstances represented, for the final settlement of all plague accounts is indispensable for a period of at least 6 months. I request that at

Sanction

sanction may be kindly accorded
for his continuance in this Office
on Plague duty and for debiting
his pay to the Plague Funds as
hitherto.

Sir,

I have the honour to report for such action as the Government may deem necessary, that, though the services of the D. P. W. overseer lent in connection with the Sanitary Improvements of the Bangalore city, were dispensed with in Govt. Pro: No Pg 1291-3 dated 19th April 1900 and his pay and allowance Rs (100 + 30) shown therein as savings, the President of the Bangalore city municipality has been disbursing the overseer's pay and allowance from Plague

Plague Funds from 29 May last and treating the amount so paid as "advance" in the voucher and as "Cash Balance" in his plague accounts.

In reply to a reference made by me as to the circumstance under which the pay and allowance of the overseer was paid from Plague Funds the Vice President in his No 105 dated 1st September 1900 states that sanction of Govt has been applied for the retention of the overseer for some time longer and for his pay being debited to the Improvement Works as long as he is employed in marking Conservancy lanes etca and that advance of pay is being made from Plague Funds pending such sanction. The procedure of utilizing, without Govt sanction the Plague Funds for other than plague expenditure and of showing in the accounts an amount paid as balance in hand appears to me as highly irregular

SIR,

Referring to this office No.964 of the 3rd March 1900, to the address of the Plague Commissioner in Mysore stating that the services of overseer B.N.Srikantiah may be retained for plague Work by the Bangalore City Municipal President for a further period of 6 months from 1st Feby:1900, I have the honour to inform you that, though the above period expired on 1st August 1900, nearly 11 months ago, the overseer has not yet been retransferred to this Department. I request that you will be so good as to order the man's retransfer, as it is believed that the necessity for his services for Plague purposes has ceased.

2 Overseer Srikantiah was granted 2 months concession leave in June 1900, to be availed of by him after the completion of works on which he was then employed, & the Plague Commissioner was requested in this office No.2380 dated 12th idem, to report the exact date of his availing himself of the leave. No report has been received, and it is not known in this Department if the overseer has taken his leave or not?

From

THE PRESIDENT,

To

THE SECRETARY TO THE GOVERNMENT OF MYSORE,
General and Revenue Departments,
BANGALORE.

Sir,

With reference to Government Proceedings No. 14968-70 / L.B.(P) 1593 dated the 11th March 1902 directing the reversion of Overseer Sreecuntiah to the P.W.D I have the honor to state that Orders have been issued to him to hand over charge and report himself to the Chief Engineer in Mysore. In this Connection I beg to report that Sreecuntiah joined the Municipality in January 1899

when Mr. K. P. Puttanna Chetty was
President. That Officer has described
in the following terms, the nature of
the Work and the manner of its execution
by Sreecuntiah.

Worked under me in Bangalore
for a Year and a half on plague
preventive duty. His duty was of
an arduous and perilous nature,
having to work in Congested,
unhealthy and plague Stricken
localities for demolishing
infected houses, Marking out
and Surveying new Conservancy Lanes
and removing debris of demolished
houses. In the matter of allowance
he was a loser for having left the
P.W.D. I can testify to the laborious

Work done by ~~this~~ Overseer most
Cheerfully under discouraging
Circumstances. He is fit to be drafted
into the Executive Revenue Service.
Sreecundiah Continued all along
to work well. Owing to his hard
and Continued work in the infected
localities his health is impaired
to a great extent; he also lost one
or two members of his family
and two are even now said
to be in indifferent health
He was not granted any allowance
for the Special duty done by him
in the City in Connection with
the plague preventive Work. Govern-
ment were pleased to grant him
2 months Concession leave, to be

availed of after Completion
of the Work on which he was
employed in the Municipality
But he was not permitted to avail
himself of it as his Services could
not be spared at all upto date.

Under these Circumstances I
beg his Claims to promotion
to a higher grade in the D. P. W.
may be taken into Consideration.

I have the honor to be
Sir
Your Most Obedient Servant
